Offer expires May 31, 2020. Your loan maturity date will be extended 60 days and your last two payments will equal the amount of the skip payment plus accrued interest.*

Member FDIC

All borrowers obligated on the loan must sign voucher.

*Interest will continue to accrue on a daily basis at the Annual Percentage Rate set forth in my loan agreement, both during and after the deferral period. This means that this deferral of scheduled payments will result in me having to pay higher total interest and a higher total number of payments than if I made my payments as originally scheduled.
