Magnificent Montana

Includes Glacier National Park & Yellowstone National Park

August 7-14, 2027

Experience two of America's most spectacular national parks on one unforgettable adventure! Our Magnificent Montana vacation takes you through the breathtaking landscapes of Glacier and Yellowstone National Parks, showcasing the very best of Big Sky Country.

Journey along Glacier National Park's legendary Going-to-the-Sun Road, where towering peaks, cascading waterfalls, alpine lakes, and the chance to spot bighorn sheep create unforgettable views around every turn. Enjoy the serenity of a scenic float trip on the crystal-clear Flathead River, saddle up for a guided horseback ride through Montana's wide-open landscapes, or take in sweeping mountain vistas aboard a scenic chairlift at Big Sky Resort.

As the day winds down, relax beneath Montana's famous Big Sky as the sun sets in brilliant color. Gather around the outdoor fire pit, roast marshmallows, and marvel at a sky filled with thousands of stars.

In Yellowstone National Park, discover some of the country's most iconic natural wonders, including the Upper and Lower Falls of the Grand Canyon of the Yellowstone, tranquil Yellowstone Lake, and, of course, the world-famous Old Faithful geyser.

This is one trip we wholeheartedly recommend bringing the entire family. Kids and grandkids are welcome! It's a rare opportunity to experience two of America's greatest national parks together—creating memories that will last a lifetime, all without traveling halfway around the world.
